ABOVE AND BEYOND TEAM VOTE

Lunts Pharmacy Craven Arms Team

Craven Arms

The pharmacy team who gave up their Sundays to help vulnerable patients.

Members of Lunts Pharmacy Craven Arms branch gave up their Sundays to provide support to vulnerable patients as part of the most recent COVID-19 booster vaccination programme. They helped book people in and made sure patients were comfortable and had what they needed. They have also been running COVID-19 vaccination clinics at the Halo Community Centre, which have received excellent reviews. This in addition, to their tireless efforts to deliver an excellent service to patients consistently, despite added pressure from a large influx of patients from upheaval from a nearby pharmacy.
