ABOVE AND BEYOND TEAM VOTE

Ways Pharmacy Nottingham

The pharmacy team providing tailored support to the local Chinese community.

Ways Pharmacy pharmacy team went over and above to support the local Chinese community during the COVID-19 pandemic. As well as offering medication reviews in Chinese, they gave out free personal protective equipment (PPE) and COVID-19 advice and held online streaming sessions providing guidance on boosting the immune system and managing their mental health. They provided reliable PCR tests that allowed patients to travel safely during the pandemic, enabling many to return home and be reunited with their families. They were often reunited in the final moments before their loved ones died of the virus. The team's acts of compassion had a profound impact on the emotional wellbeing of patients and provided them with closure and the opportunity to say goodbye to loved ones.
